

# MASCOT® CLASSIC

MADE FOR HARD WORK AND DAILY CHALLENGES

MASCOT® CLASSIC is hardwearing workwear made of durable, quality materials with robust reinforcements. MASCOT® CLASSIC is available in 11 colours that are suitable for all branches within trade and industry. There is no compromise on reinforcements to the garment and other details that can be expected from carefully considered and durable workwear. The pockets are large and spacious, and the pocket lining is of the same fabric as the workwear itself. The MASCOT® CLASSIC collection has been expanded and includes special workwear with extra pockets, a range of designs in Bearnylon®, a large range of T-shirts and leisure-oriented products, such as cargo trousers and service trousers with matching jackets.

**FABRIC** Polyester and cotton are carefully selected through numerous tests. The quality is strong and hardwearing, without losing comfort and mobility.

**FUNCTIONALITY** The products cover a wide range across trade groups and functions. Carefully considered from undergarments to outerwear.

**DETAILS** MASCOT® CLASSIC conceals many thoroughly tested details. For instance, zips and buttons are nickel-free and the pocket lining is of the same fabric as the rest of the garment.

**DESIGN** Classic style and shape. Available in 11 different colours. The colours mix and match with the other MASCOT® collections.

**DETROIT WORK SHIRT 00504-230**

# DURABLE AND TESTED

**CLASSIC**  
tested to work

MASCOT® CLASSIC is robust workwear with classical design and practical details. Rule pocket and back pockets have extra reinforcement, the front of the work jackets is made of double-layered fabric and zips and buttons are nickel-free. In short, MASCOT® CLASSIC workwear has everything it takes to make the garments comfortable, functional and safe for the user.
