# MASCOT® AQUA

## RAINWEAR – COMFORT THAT MAKES SENSE

MASCOT® AQUA rainwear is made of strong, quality materials. The products are light and flexible, which makes for comfortable workwear. Water resistance of up to 5000 mm H<sub>2</sub>O makes MASCOT® rainwear one of the most waterproof products available. MASCOT® AQUA is also ideal for leisure activities such as fishing or hiking on a rainy weekend.

**FABRIC** The rainwear is made of 65% polyurethane and 35% polyester. Water resistance to 5000 mm H<sub>2</sub>O and washable at 40°C.

**FUNCTIONALITY** The products have welded seams to ensure maximum waterproofing.

**DETAILS** The jacket has good fastening and button functions as well as a drawstring hood.

**DESIGN** Practical and simple, so that it is easy to get into and out of the garments. The rainwear is available in the colours navy, green and orange.

**RIVERTON RAIN TROUSERS 03062-028**

65% polyurethane / 35% polyester. 220 g/m<sup>2</sup>. Rain trousers with welded seams. Elasticated waist and waist adjustment. Size XS-4XL. Navy, bottle green and orange.

**SWANSEE RAIN OVERALLS 03061-028**

65% polyurethane / 35% polyester. 220 g/m<sup>2</sup>. Rain overalls with welded seams and adjustable straps. Access to trousers underneath. Size XS-4XL. Navy, bottle green and orange.
